### Speakers

**Keith Clark** has been in the industry for 25 years. He has worked as a transmission builder for most of his career. He also served as a production supervisor, diagnostician and trainer. He is the former NE Regional Manager for Aamco Transmissions and taught at Arizona Automotive Institute in Glendale, AZ. He also worked in a GM dealership. Between professional training and hands on application, he is able bring theory into practical application. Keith was recently promoted to ATRA Technical Director.

Australian Company **Injectronics** will also be presenting on common issues seen with transmission control modules.

Surrounded by an impressive array of classic and modern-day vehicles, our guest speaker and ATRA USA Technical Director, Keith Clark will be delivering a jam-packed two days of technical training across a broad range of transmissions including 10R80, 10L90, 9T45/50/60/65, 8L45/90, 8HP/845RE, 6F55, and common issues on the Hyundai 6 & 7 speeds DSG, Mercedes CVT and the Kia 8 Spd.

We're excited to connect with the entire industry once again, while presenting you with top-notch training, products and networking that you deserve, and at the fabulous Fox Classic Car Museum – we can't wait to see you!

A seminar book will be provided via USB so bring your laptop if you wish to refer to the book which will include notes and presentations on the transmissions and topics covered. Lunch and afternoon tea will be provided.

### Costs

**ATRA Members** \$350/person plus GST and processing charges  
**Non ATRA Members** \$450/person plus GST and processing charges
